Long Term Collagen Filling

Daily use of ReFILL for 30 - 45 days will result in long-term collagen filling, in addition to hydration and repair of damaged skin. ReFILL also improves the health of the skin with prolonged use.

This product provides the skincare professional a continued revenue stream. One tube lasts from one week to one month, depending on the number of wrinkles present.

The Formulation

The ReFILL formulation includes Matrixyl, Hyaluronic Acid, Retin A, DMAE, Vitamin C and Vitamin E. It is free from parabens and Propylene Glycol for increased health and safety.

ReFILL is available in 1/2 oz tubes with a needle nose application tip to deliver the cream only where needed, minimizing waste and mess.
